PROFESSIONAL PROFILE

After 13 years at a hotel reception desk, dealing with pressure, people and real-time problem solving, I made a focused transition into IT and cybersecurity. It was during that journey that I started studying out of curiosity and realised this is what I want to do. I now hold CompTIA A+, Security+ and PECB ISO/IEC 27001 Foundation and I am looking for IT Support, Service Desk or Help Desk roles in Portugal or remote.

CERTIFICATIONS

CompTIA A+ (770) Feb 2026
CompTIA - Hardware, OS, networking and technical support

CompTIA Security+ Mar 2026
CompTIA - Network security, risk management, crypto

PECB ISO/IEC 27001 Foundation 2026
Information security governance, risk & compliance (GRC)

Introduction to Cybersecurity Jun 2026
