## PROFESSIONAL PROFILE

IT professional with 13 years inside hotel operations and deep PMS (Property Management System) expertise, now CompTIA A+ and Security+ and PECB ISO/IEC 27001 Foundation certified. Uniquely positioned to support the technology of hotels and hospitality businesses - PMS, channel managers (Booking/Expedia), payments, networks, security and backups - speaking both the front-desk language and the server language. Seeking IT Support / Systems / Hospitality-Tech roles in Portugal or remote.

## CERTIFICATIONS
